Experience

Bihar Finance Services (Commercial Taxes Department, Bihar)

4 Years 9 Months

Assistant Commissioner of State Tax

Jun' 20 - Mar' 25

- Led GST compliance and enforcement operations, playing a pivotal role in revenue assurance and **tax administration** by spearheading strategic initiatives that ensured robust adherence to regulations.
- Conducted comprehensive **tax audits, assessments, and scrutiny** of taxpayers, which directly enhanced overall tax compliance across the region.
- Served as the **Product Owner** for a critical DRC-13 application, a digital solution specifically designed to monitor tax defaulters, demonstrating direct leadership in **product development** and deployment within government services.
- Executed targeted search, seizure, and anti-evasion operations across commercial entities, successfully curbing illicit financial activities and safeguarding **government revenue**.
- Issued over 300 statutory notices, which directly drove significant tax recovery and expedited the closure of numerous tax evasion cases.
- Provided critical financial expertise and oversight as a Finance Member on **tenders and procurement** committees, ensuring fiscal responsibility and strategic alignment in high-value **contractual agreements**.
- Implemented and conducted rigorous goods vehicle inspections, leading to significant penalty recovery in **tax evasion cases** and deterring fraudulent activities in transit.
- **Devised** an innovative assessment method for brick kilns, which was subsequently implemented statewide, streamlining processes and ensuring equitable taxation across the State.

Punjab National Bank

6 years

Deputy Manager-IT, Manager-IT, Senior Manager-IT

Apr' 12 - May' 18

- Managed **IT functions, analytics, and training operations** across the bank's pan-India learning ecosystem
- Directed and optimized comprehensive IT functions, data analytics, and training operations across the bank's extensive pan-India learning ecosystem, ensuring seamless operation and strategic alignment.

- Spearheaded the development and implementation of robust **analytics and performance reporting** frameworks for 13 training centers nationwide, providing actionable insights that enhanced effectiveness and efficiency.
- Designed and delivered impactful **technical training programs on Digital Banking and Core Banking Solutions**, consistently achieving high satisfaction ratings from trainees and significantly improving staff proficiency and adoption.
- Trained a batch of **205 officers** in the field of Finacle (Core Banking Solution) and Digital Banking Products related to cards, deposits and credit.
- Managed and supervised the bank's **IT infrastructure**, implementing proactive maintenance and monitoring protocols that consistently ensured high operational uptime and reliability for critical banking systems.
- Strategically managed the end-to-end **procurement and vendor relationships** for all IT systems and assets, optimizing resource allocation and ensuring the acquisition of high-quality, cost-effective technology solutions.
- Provided key strategic contributions and insights from the apex training institute in Delhi, directly influencing the development and implementation of bank-wide policies and operational strategies.
- **Led a project** for the development of a hostel management system, resulting in the removal of manual entries.
- Spearheaded a project to develop **online feedback** by the trainees through computers or smartphones.
- Consistently demonstrated exceptional performance, learning and leadership capabilities, resulting in **two rapid promotions** from Deputy Manager-IT (Scale 1) to Manager-IT (Scale 2) and Senior Manager-IT (Scale 3).

Infosys

10 Months
